

Thank you for choosing Calcutt Boats Marina

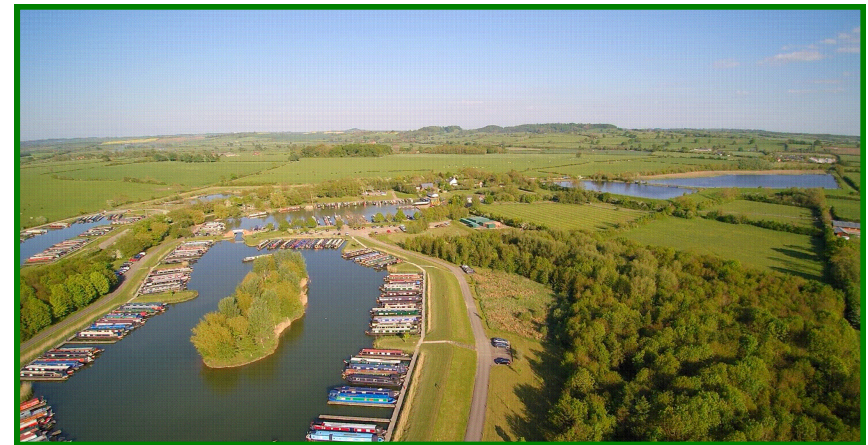

When all berths are taken up we operate a waiting list, to be placed on this list you will need to pay a £400 holding fee. We cannot predict how long you would be on the waiting list as piers become available only when a boat leaves. We generally have temporary mooring positions where you can wait for a pier.

If you decide, whilst on the waiting list, to cancel your application, your holding fee will be refunded and we will return your payment in full with no mutual commitments. If at this stage your boat is in our temporary mooring area, the temporary mooring rate will then apply retrospectively.

The Marina

Calcutt Boats has been established for over 40 years, and has developed an industry-wide reputation for quality and service. The Locks Marina opened in 1988, a huge 4.5 acres, with moorings for a maximum of 100 boats, and in 2006 the Meadows Marina opened, with room for 140 more.

Locks Marina has Fully-fendered piers of varying lengths that are generously spaced so that each berth can be vacated without the need to move other boats. Meadows has all wooden piers with a single boat each side.
